Aquatica Housing Lanyards now available!

Introducing the new Aquatica lanyards, they allow you to comfortably carry your housing to the boat or dive site and also great for help when getting out of the water.

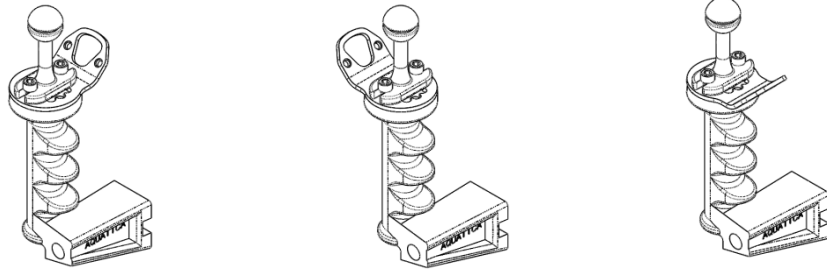

- ✦ The Aquatica Lanyard comes in 2 different lengths
 Short 25 cm (10")
 Long 50cm (20")
- ✦ The handle is made out of flexible rubber yet has enough body for a comfortable grip.
- ✦ The Stainless steel bolt snaps are large and have a swivel base, this makes them easy to attach and remove even with thick gloves.

<p>#19240 Aquatica housing 20" Lanyard + mounting brackets (2x) + screws</p>  <p>Retail: \$ 95.00 USD</p>	<p>#19241 Aquatica housing 20" lanyard</p>  <p>Retail: \$45.00 USD</p>
<p>#19242 Aquatica housing 10" lanyard</p>  <p>Retail: \$45.00 USD</p> <p>*This can be used with special new clamp #77805 so you can carry your housing from your strobe arms.</p>	<p>#19243 Mounting bracket (1x) + screws</p>  <p>Retail: \$25.00 USD</p>

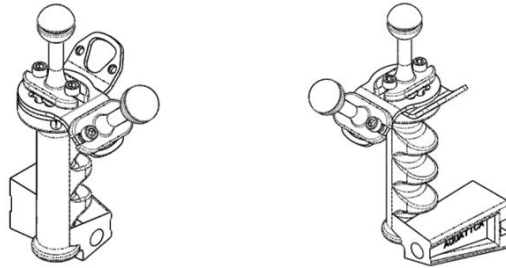

Mounting plates

The mounting plates can be assembled in 12 different directions to suit the user's needs. A 1" ball (#77651) can also be added on top of the plate to attach compatible accessories.

Stacking mounting plates

Photographers who need extra mounting balls for a second set of floodlights or strobes can stack up plates as shown in the figures below.
